The Consumer Protection Division enforces state and federal laws prohibiting unfair and deceptive business practices in trade or commerce in accordance with the Unfair Business Practices Act and the Consumer Protection Act. The Consumer Protection Division typically recovers more money on behalf of consumers of the state of Washington than the cost of its operations. The current areas of enforcement focus on automobile issues and pharmaceutical companies and continue the division's efforts in the credit and financial industries. The division also takes on nonlitigation matters which benefit consumers, such as fielding customer calls, providing advice to other state agencies, and education and outreach activities. These activities help to eliminate potential problems and provide consumers with the tools to educate themselves and make better decisions.
